

Port Townsend: Small Wholesale Bakery For Sale

1-This is a small wholesale bakery/commercial kitchen, perfect for baking and other food prep- we specialize in a combination of gluten-free, vegan, and einkorn wheat cookies.....not set up for 'heavy cooking' (no hood).

2-The price is \$24,000 for the bakery, including equipment, leaseholds, wholesale accounts, recipes (years in development), and name. The price reflects that the business is not fully developed, as we have decided not to continue to grow beyond local, for lifestyle reasons.

3-We own the building, so the lease would be favorable for buyers with solid experience. Monthly rent is \$1,100.

4-The kitchen can be used to develop and sell your own wholesale baked goods to compliment the current product line.

5-700 sf includes ADA bathroom, overhead storage area. Equipment includes 2 ovens, two door refridge and 2 door freezer, 2 wood work tables, 20 qt and 12 qt Hobart mixers, and all racks, tables, utensils, small appliances, etc. to continue current business as well as expand.

6-We are interested in serious, long-term people with at least a bit of experience in food preparation. A little training is included, but an interest in food, especially baking, is needed for your success....
